## Residential Trash and Curbside Recycling Services use Automated Trucks and Polycarts

- ◊ The City manages the Residential Trash Service through **Republic Services** for every single-family house or duplex that has an "activated" water meter and are inside the Joplin city limits. If the water is turned on but the living unit is unoccupied, a trash fee will still be charged.
- ◊ The charge for trash is **$11.73** *(Trash Fee is $11.18 plus Administration Fee of $.55)* This monthly charge is on your utility bill generated by the City of Joplin. Price will change on April 1, 2018.
- ◊ Republic Services provides **96 gallon (blue) polycarts** at no extra charge. The carts remain the property of Republic Services and shall stay with the house; do not take the cart with you when you move. If your house does not have a cart, contact Republic Services. All trash must be contained in the cart so that the lid is closed. Any extra trash must be properly bagged or containerized and placed next to the carts.
- ◊ **Placement of Polycarts** is very important, since the collection vehicle's lifting arm requires a clearance of 3 feet on both sides and 12 feet overhead.
- ◊ To learn which day of the week your house is **scheduled,** contact Republic Services.
- ◊ Trash collection starts at **6:00 AM.** Place polycarts at the curb/alley no earlier than 12 hours before collection day and please remove cart within 12 hours after collection.
- ◊ **Physically Impaired** residents may call Republic Services to arrange for valet service.
- ◊ Trash will be picked up a day late (using Saturday to catch up) on the following **holidays, unless the holiday falls on a weekend:** New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas.
- ◊ **Acceptable Bulky Items** can also be set out with weekly trash at no extra charge. This includes furniture, mattresses, televisions, solid paint, tree limbs and brush bundled and cut to 4' maximum lengths, microwave ovens, dry carpet bundled to 50 pounds maximum and 4' maximum, and small amounts of bundled or containerized construction and demolition debris.
  **Non-Acceptable Bulky Items:** Oils, lead acid batteries, appliances, railroad ties, liquid paint, tires, commercial waste and large amounts of non-containerized construction and demolition debris.
