Ordinances – Second Reading and Third Reading**Unfinished Business**

New Business**Police Department Engagement and Accountability Process**

City Manager Nick Edwards stated Police Chief Sloan Rowland is going to prepare an accountability and engagement report for the city council's review in the next 30-60 days. Chief Rowland stated the men and women in the Police Department do a lot of things exceptionally well but the thing they don't do well is tell their story of how and why the Police Department does business the way they do. He hopes the report will help answer questions and outline some of the things the PD has done for years as far as community engagement and some new things they're trying to do in light of current events.

Discussion of the COVID 19 Response and Recovery Plan

Ryan Talken, Assistant Health Director, presented a review of where we are in the Response and Recovery Plan, which is phase 2 step 2. Basic guidelines include masking for the frontline workers, occupancy restrictions on certain types of businesses and limiting mass gatherings.

Issue of enforcement: the City has an email address that people are encouraged to use to make a complaint. COVID19@joplinmo.org Enforcement of the plan by the Police Department is complaint driven. The first rule of enforcement shall be administered by education and an opportunity for compliance, followed by a warning and a civil action if necessary.

Update on Health Department and current cases: the Health Dept. continues to work seven days a week on case management and data entry management while also working with community partners and daily contact with hospitals. The hospitals are having increases in their hospitalization rates. The HD has daily contact with the affected long-term care facility as well as daily contact with the Dept. of Health and Senior Services, who is the regulatory agency over long-term care facilities. DHSS has had frequent visits to any long-term care facility that has been affected by the virus and makes available reports to the local health department. Mr. Talken presented an update of current cases, which included statistics for the following: Total Confirmed Cases: 211 of which 163 were symptomatic; Active Cases: 69; Active Quarantines: 160; 7-day average case rate of 7.43 which is anticipated to rise. Today there was an additional 24 cases confirmed. Since the holiday there have been 7-10 cases confirmed per day. We continue to see the Joplin cases rise. Age range of new cases is 29-39. There is a 208% rise in cases over the last seven days. Reports from the county show a slight decrease in cases, which could have resulted from less mass testing. Positivity rated on July 4 was 9.75 compared to 1.21% for the Joplin Metro area in May and 13.88% in June.

Recovery and Response Plan Recommendations: Mr. Talken recommended that we continue social distancing, wear a face mask when in public, if you're sick, stay home, frequent handwashing. He stated these measures work and it's a matter of getting everyone on board. It's up to citizens to decide if they want this to continue at this current trend or not. The Health Department's recommendation is to stay at the current phase 2 and step 2 of the Plan. Mr. Cortez asked for clarification on mask usage at restaurants. Mr. Talken replied that masks are to be worn when wait staff is within 6 feet of a patron. Mr. Jordan explained that there was a mask requirement for all restaurants employees until the Council voted to amend the order to require employees wear masks only when they are within 6 feet of customers. Motion by Mr. Lawson, second by Mrs. Williams to remain at Step 2 of Phase 2. Voting in favor were Council Members: Copple, Cortez, Lawson, Monteleone, Reid Adams, Shaw, Stanley, Stinnett and Williams, 9. Nays: 0.

Mrs. Williams stated she would like to reinforce the requirements and guidelines that are outlined in the Reopening Plan. She stated that when the mask ordinance did not pass, it gave people the license to not wear masks where they are required, such as salons, personal care businesses and

some restaurants. We're going to remain in Step 2 of Phase 2 so let's remind people what that means.

Mr. Copple asked about revisiting the mandatory mask ordinance that did not pass on June 24, 2020. He stated he voted against it because he did not agree with it as proposed and amended. He would like to make the following amendments: 1) that each school system has a plan on file with the Health Dept. to implement safety protocols and the use of face coverings; 2) remove the face mask requirement for being outside if you're not in a group of 10 or more; 3) add an end date to the ordinance.

Mayor Stanley stated the failed ordinance put the responsibility of reporting non-compliance of the ordinance on individuals and he asked the council members their opinion on a business enforced solution or keep it as an individual enforced solution. Mr. Monteleone stated his original proposal was to model the ordinance after the Fayetteville ordinance that put the responsibility on the businesses to enforce the mandate. The City of Fayetteville felt they had the support of the business community to help enforce the ordinance, but Mr. Monteleone suggested the City of Joplin have discussions with the Chamber of Commerce and area businesses to get their input on businesses being the enforcer of the ordinance.

Mayor Stanley directed city staff to call a special meeting for this coming Wednesday, July 8, at 6:00 p.m. to discuss the amendments to the mask ordinance and include a discussion on a business enforced solution or individual enforced solution.

Mr. Stinnett added that this suggestion could be expanded into a bigger program to address the large amount of housing and neighborhood blight. Mr. Edwards stated he will direct city staff to prepare an outline of the issues to that can be discussed at a future work session
