

Short-Term Rental Permit Procedures

- A. Short-term rental permits shall be issued or refused by the Director of Planning, Development, and Neighborhood Services within thirty (30) days after receipt of an application or within such further period as may be agreed to by the applicant. No short-term rental permit shall be issued unless all requirements of the zoning and subdivision regulations are met. In the event of refusal to issue a short-term rental permit upon an application based upon noncompliance with the provisions of this ordinance, the applicant shall have the right to appeal to the Board of Zoning Adjustment.

- B. The Planning and Community Development Director shall provide written notice that a Short-term Rental Application has been received to owners of record of lands located within at least one-hundred eighty-five (185) feet of the property indicated in said application. Notices shall include a statement that a complete legal description is available for public inspection and shall indicate where such information is available. When the notice has been deposited in the mail, failure of a party to receive such notice shall not invalidate any subsequent action taken by the Director of Planning, Development, and Neighborhood Services. Such notice is sufficient to permit the Director of Planning, Development, and Neighborhood Services to issue or refuse a permit.

- C. If a protest against such permit is filed in the office of the Director of Planning, Development, and Neighborhood Services, duly signed by the owners of thirty (30) percent or more, within an area determined by lines drawn parallel to and one-hundred eighty-five (185) feet distant from the boundaries of the property indicated in said application, the application for a short-term rental permit shall be refused by the Director of Planning, Development, and Neighborhood Services. Said protest shall be received by the office of the Director of Planning, Development, and Neighborhood Services no later than fifteen (15) days after the date of postmark on the written notice mailed to owners of record of lands located within at least one-hundred eighty-five (185) feet.

- D. A permit issued by the Director of Planning, Development, and Neighborhood Services is subject to revocation should all City regulations not be followed.

A few things for owners to consider:

- 1.) Smoke alarms (less than 10 yrs. Old) are required in each bedroom, each hallway adjacent to a bedroom and one on each floor including basements.
- 2.) Carbon monoxide detectors are required on each floor and in the vicinity of bedrooms.
- 3.) Extension cords are prohibited for permanent use.
- 4.) Furnaces/Water Heaters must have proper venting and gas connections and be installed per manufacturer's instructions.
- 5.) Handrails are required on any stairway over four risers.
- 6.) Decks and walking surfaces must have guards if walking surface is 30 inches or more above ground.
- 7.) Emergency egress in bedrooms must be in place by either a door to the outside or an approved egress window.
- 8.) All single-family homes or multi-family dwellings with fire sprinklers must be inspected and tagged annually, and a copy of the report provided to the inspector.
- 9.) All common area emergency lighting and exit lights must function on both building power and back up battery power.
- 10.) Elevators, if present, must provide a copy of current State inspection.
- 11.) Homes and units with active building permits cannot pass inspection.
- 12.) Space must have adequate sanitary facilities.
- 13.) Address numbers must be posted on structure.
- 14.) Stairways must have minimum width of 36 inches and a minimum headroom clearance of 80 inches. Stair risers shall be less than 8 ½ inches with a minimum tread depth of 9 inches.
- 15.) Electrical services, wiring, outlets, and fixtures shall be installed and maintained properly. If system has existing fuse panel, fuse-stat adapters must be installed to prevent oversizing.
